Who are we?

We are a family owned winery specialized in producing modern fine wines, coming from organic farming and focused on indigenous grapes from our undiscovered region.
ABOUT US
As a family owned winery, we put extra care into our wines, paying attention to every detail and step of the process. Our passion for winemaking shows in the final product, a bottled image of the land we work and love.

Making a difference has been our goal from the very start. As one of the very few wineries located in the Ribera del Júcar Denomination of Origin, we have made it our mission to bring the unique and undiscovered wines from this region to the international spotlight.

We know the land we work, and we treat it with the utmost respect. That’s why we are currently undergoing an expansion of our organic production. This will not only give higher added value to our wines, but also grant them a superior tasting experience.
Ribera del Júcar

One of the hidden gems of central Spain, where only a few wineries can be found. This undiscovered region is home to a very limited amount of high quality wines.

All its defining characteristics result in a rare and one-of-a-kind terroir, with a different personality that makes its limited wine production stand out.

Our property has a total of 55 hectares where we grow our grapes, including the native star variety, the Bobal. We take care of our wines every step of the way, from selecting the grapes that best fit our terroir to the actual process of making the wine.
Location

Central Spain  Small D.O.  Exclusive

Our vineyard can be found in Casas de Guijarro (Cuenca), a phenomenal location for viticulture. We are part of the Ribera del Júcar Denomination of Origin, a small appellation that holds a very limited number of wineries. This unknown region offers our terroir distinctive qualities that set it apart from other nearby appellations, from the cooler climate to the lighter yields.

The river

Riverbanks  750m altitude  Clay soil

Ribera del Júcar translates as “banks of the Júcar” and refers to our ultimate advantage: the river for which the appellation is named. At the eastern border of the region, the riverbanks can be found on a rolling plain, at an altitude of 750 metres. This creates a topsoil of loose pebbles with clay underneath, which contributes to a good drainage.

Climate

Continental  Mediterranean  Long ripening

The Júcar river also contributes to make the climate more fitting for winemaking. Our region enjoys influence from both the continental climate of the central Iberian plateau, and the Mediterranean climate of the east. The river attenuates the contrasts between them, bringing the best from both worlds. Summers usually imply cooler night temperatures, allowing a longer ripening period.

D.O. RIBERA DEL JÚCAR

The youngest Denomination of Origin in Spain, established in 2003. The cooler climate of this area produces higher quality wines, distinguishing itself from neighboring regions.
WINES FROM
D.O. RIBERA DEL JÚCAR
Isabella

Dark red fruits, hints of strawberry and raspberry, balanced with smooth toasted notes and spicy, liquorice hues. Tasty, fruity wine, well-rounded tannins with light touches of smoky, toasted vanilla.

About Isabella

A perfect match: Paella and beef stew.

Isabella is named after one of the daughters in our Estate owners’ family. Our desire is to capture the essence of the terroir in a bottle, by constantly innovating in the way we produce our wines. Just like Isabella takes its title from our next generation, we always have the future in mind, applying modern techniques to achieve a unique tasting experience.
Nuñez de Garay

**Envejecido**

Beautiful and bright cherry colour. It has crisp aromas of red fruits on the nose, along with slightly toasted notes. Rounded tannins and delightful acidity on the palate. Its fresh and tasty feeling lasts long.

---

Nuñez de Garay

**Crianza**

Intense cherry colour with tile reflections. On the nose, aromas of ripe fruits, roasted coffee and vanilla. Fresh and velvety, this wine has an excellent balance between oak and fruit on the palate.

---

Nuñez de Garay

**Reserva**

On the nose, complex aromas of raspberry and coffee with notes of cloves, cinnamon and white pepper. On the palate, smooth with sweet and round tannins from the wood and the wine itself generates a final elegance.
Beltenebros

Beltenebros is an old word in Spanish, that originated in Amadís de Gaula, a chivalric romance text popular in the 16th century in Spain. In a similar way, our wine follows and honors the centuries old winemaking tradition of the region.

Envejecido
Mouth watering aromas of red cherry, strawberries and mature plums, combined with sweet spices such as cinnamon and vanilla. Dry, medium bodied with a pleasant balance between acidity and soft tannins.

Crianza
Deep cherry colour with a violet shade. Red berries and cherries on the nose, combined with sweet spices and vanilla. Balanced and harmonious with long finish on the palate.

Reserva
Intense, purple red, with a brick rim evincing barrel ageing. Aromas of cinnamon and notes of cherries and blackberries. Deep, and ripe on the palate, with a velvety, silky, enveloping mouthfeel.
This is a selection of our organic wines, a style of winemaking we are paying increasing attention to. These wines are free of chemicals, pesticides, herbicides and synthetic fertilizers, and they are also low on sulfites.
Sauvignon Blanc
Night harvested and cold macerated before fermenting. It is dominated by flavors of passion fruit, litchi and white peach with some limey green notes. Beautifully balanced, fruitful and fresh wine.

Cabernet Sauvignon
Night harvested and cold macerated before fermenting. Aromas of spice, vanilla and ripe fruits, on the palate. Well structured, with sweet tannins, full body, harmonious and long finish.

Amilcar
Amilcar is another example of how history and traditional winemaking inspire our wines. Amilcar is the name of a general that commanded the Carthaginian expedition to Spain in 237 BC. As an organic wine, it reflects perfectly its terroir, its flavours and aromas.
Tempranillo Oak Aged
It shows a nice cherry colour with violet shades. Red berries and cherries aromas on the nose. Good balance of tannins and acidity combined to achieve a complex palate.

Verdejo
Clean, bright yellow colour, with a greenish tone at first sight. Enjoy a beautifully balanced, fruity and fresh wine with an elegant citric aroma and pear notes.

Tempranillo
At first sight there is a deep cherry red colour and a violet shaded rim. It has notes of red berries on the nose. On the palate you can find sweet tannins and long finish.

Rosado
Clean, raspberry pink colour. On the nose, it has red cherries and strong aromas including floral tones. It offers rich and fresh taste of wild fruits on the palate.

Calanta
Our Calanta wine takes inspiration from the Calathe orchid. These flowers can symbolize joy, admiration and happiness, three traits that are embodied in this wine. The image on the label also ties with the organic nature of the Calanta.
Cortadera takes its name from the Cortaderia selloana plant, as we are constantly inspired by nature and its beauty. ‘Cortadera’ comes from Spanish, meaning ‘cutter’, in reference to the sharp leaf margins.

This barrel aged wine is produced with no added sulfites, which results in a new style of wine, one that goes back to the origins and tradition of winemaking. It is also organic and vegan friendly.

Nice cherry color with a violet shade. Red berries and cherry bouquet. Persistent finish on the palate.
Pomelado is an amber wine, made through an ancient winemaking technique, where the white grapes are treated like red ones: the juice is left in contact with the skins so that it can absorb colour and other elements as well.

It has aromas of tropical fruit, bruised apple, brazil nut and dried orange rind.
Biodynamic agriculture is yet another step forward from organic winemaking. Vineyards are an ecosystem full of life and what we do is to work together with the ecosystem, such as the soil where the vines feed, and respect the natural life cycle of the vines throughout the year, so that we enhance its characteristics and achieve the highest quality grapes and wines.
Sauvignon Blanc
Shows a golden hue at first sight. Aromas of citrus. Medium bodied with crispy acidity that leads into elegant minerality, lasting on the palate.

Cabernet Sauvignon
This wine has aromas of blueberry and cassis on the nose. On the palate, it is well-balanced, with soft tannins leading to a long, persistent finish.

Cabernet Sauvignon Oak aged
Violet, blackcurrant, raspberry and dark plum, overlaying a chocolaty mocha nuance on the nose. Lingering finish with a savory complexity and robust tannins.

Avecilla
Avecilla is an endearing way of naming a small bird in Spanish. The hummingbird, one of the smallest birds in the world, appears on the label. For hundreds of years, these creatures have been the symbol for energy and joy — two traits you will find when drinking this wine!
